

# Searching for a room?

## Start now!

10.000

Each August/September, around 10.000 new international students arrive in Groningen looking for a room.

1550

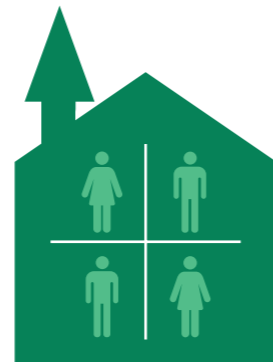

This year, Hanze UAS and the University of Groningen have reserved app. 1550 rooms at student accommodator SSH.

This means that

84,5%

of the students are dependent on the private market where both Dutch and International students compete with each other. So, the demand on the private market for student accommodation is greater than the supply.

A room is approximately 414 euros on average, this can be with or without shared facilities. A room with private facilities will cost between 500 and 700 euros.

Based on the numbers above, **we therefore advise you to not come to Groningen if you haven't found a room by the first of August.** If you do not have a room before 1 August and still decide to come to Groningen, there is a good chance that you will have to stay in hostels or hotels for longer than 3 months. That entails high costs of €25 - €100+ per night, so that will be €750 to €3100+ per month.
